

**Deadline
for submission
31st October
2017**

OPO

Ophthalmic & Physiological Optics

is soliciting papers for a
FEATURE ISSUE on MYOPIA

Guest Editors: Prof Jez Guggenheim,
Prof Chi-Ho To and Dr Nicola Logan.

This feature issue provides the opportunity for your work to be published alongside papers with a similar subject matter, ensuring exposure to a wide audience of vision researchers. Past feature issues in **OPO** have included a number of important and highly cited papers. The timing of this issue is such that it follows the 16th International Myopia Conference (14-17 September, 2017).

The feature issue will cover the following topics as they relate to myopia:

- Genetics
- Epidemiology and risk factors
- Mechanisms and animal models
- Interventions for slowing progression/myopia control / prevention strategies
- Biomechanical determinants of eye growth and shape
- Associations with other disorders, e.g. astigmatism, anisometropia

Manuscripts will be peer reviewed and must be submitted online at:

<http://mc.manuscriptcentral.com/opo>

- They should be prepared according to the instructions to authors available through the journal's homepage.
- Please indicate in the cover letter that your paper is being submitted for this feature issue.
- Dr. Logan is the lead Guest Editor and will coordinate review of submitted articles in conjunction with the Editor-in-Chief and Managing Editor.
- Please contact the Editor-in-Chief (d.elliott1@bradford.ac.uk) if you have any questions.
